**Subject:** Welcome!

Welcome PSR Band Members!

I thank all of you for volunteering your God-given time and talents to help other teens come closer to our Lord through music! I know it doesn't seem like a big thing.... Come to a practice, show up an hour before Mass, and do your thing. But it really is an inspiration to all to have you participate!

I've been able to get a hold of most of you by phone. I will keep trying for those I haven't reached!

I've scheduled our first practice for this coming Sunday, Oct 1<sup>st</sup>, from 7-8:30pm, in the Church choir area. Please bring your instruments, and if you need any power, grab an extension cord. There are quite a number of new musicians, so I will do my best to have parts written for you by Sunday. If you have any other special needs, please let me know.

We will generally have practice on the Sunday before PSR Mass in the Church at 7pm, unless there's some major event, like TST, or the SuperBowl. On the day of Mass, we all show up at 8am in the Parish Center, warm up and rehearse a bit, then do the Mass at 9, then PSR, then donuts, more PSR, grab your stuff, and hit the road. I'll have a schedule for you on Sunday.

If you have information you want to share with the entire group, you can now use your email address to send email to [psrband@basilthegreat.org](mailto:psrband@basilthegreat.org). If you were a server, this list works the same way, sending email to all people registered on the list (I've registered all of you, since I'm also the Webmaster for the Parish). You can only send to this email address from your registered email address. So, if you change email addresses, go to <http://www.basilthegreat.org/list/unsub> and unsubscribe your old email address, then go to <http://www.basilthegreat.org/list/sub> and register your new one.

If you have any questions, feel free to email me at [guitarjoe@cox.net](mailto:guitarjoe@cox.net), or call at 440-829-4573.  
See you on Sunday!

God Bless...  
Joe

P.S. Invite your friends! We are still low on vocalists!
