3. Catholic Education - In 3 or 4 sentences please describe what a Catholic Education means to you.

At St. Michael School, I witness my teachers and  
even my Basketball coach caring about other students  
and me. In the Holy Family Basketball Tournament, we  
found out that a player on the other team had played  
for 3 years and had never scored a single basket. We  
all worked together to get him the ball and helped him make  
2 baskets that game. In school and even in sports I learn that everyone  
matters and that I can make a difference through my thoughts and  
actions.
