

Saint Basil The Great

St. Basil Automated Giving

Save time, simplify your life and support the parish by signing up for Automated Giving.

What is automated giving?

Automated Giving is a program which allows parishioner contributions to be automatically withdrawn from their bank account on a periodic basis. Once you enroll in the program, your specified contribution is electronically transferred directly from your checking or savings account to the parish's account.

What is the advantage of automated giving?

It costs you nothing. It will save you time and money. It is safer than writing checks. It also helps stabilize the church's budget.

Is automated giving risky?

Automated Giving or ACH transactions (automated clearing house) are a safe and reliable way to make stewardship contributions. ACH payments are regulated by the Federal Reserve Bank. There are rules and regulations in place to protect you against unauthorized transactions, similar to the protection you enjoy when using a credit card. All information received by the Parish will be held in strict confidence and kept in a safe location.

What if I need to change my contribution or change my bank account?

Notify the parish office and a new authorization form will be given to you to complete.

What if I try automated giving and don't like it?

You can cancel your authorization any time by notifying the parish office.

How do I sign up for automated giving?

Fill out the attached authorization form or call the parish office, and we will fax or email a form to you. Drop your completed form into the collection basket or return it to the parish office.

Please direct all questions regarding Automated Giving to Diane Stuczynski, Office Manager at dstuczynski@basilthegreat.org or 440-526-1686.
